

Name: \_\_\_\_\_

# Iceberg

**INSTRUCTIONS:** Respond to each prompt with ideas about your culture or heritage. Think about what you've learned about your culture, what you'd still like to know, and what you think others might understand about your culture as well.

## LEVEL 1: ABOVE THE SURFACE.

What do you know about your culture on the surface level? (Ex: Traditions, lifestyles, holidays, food)

## LEVEL 2: BELOW THE SURFACE.

What aspects of your culture are just below the surface, and therefore not visible to others? (Ex: Unspoken rules or social contracts that people observe without discussing, aspects of your home life that others might be unaware of)

## LEVEL 3: DEEP BELOW THE SURFACE.

What aspects of your culture or heritage might be below your conscious levels of awareness or understanding? (Ex: Questions you have about your own heritage, patterns that you and others might not understand)
